### PROFILE

Resourceful, and innovative professional with expertise in web development. Skilled in providing strategic leadership of short- and long-term goals through the use of innovative techniques. Adept at enhancing team performance, and proactively identifying opportunities for development and advancement. Proven ability to make critical decisions during challenges, perform in highly visible positions, and work under pressure to meet deadlines. Looking to utilize my expertise to develop a long-term career with a future-oriented, reputable organization.

### EXPERIENCE

#### FREELANCE WEB DEVELOPMENT WEB DEVELOPER

- Managed all aspects of Web site development for clients, from original concept and architecture to development, deployment, and administration.
- Designed and built a user-friendly website, including an optimized check-out page, which boosted user clicks and, as a result, client purchases.
- Fixed bugs from existing websites and implemented enhancements that significantly improved web functionality and speed.
- Prioritized and corrected site-related design issues, and took the initiative to create new features based on user feedback.
- Demonstrated the ability to work diligently under pressure to meet deadlines.

### EDUCATION

- High School**
